

Agreement

I) Amount of the scholarship

The scholarship is applicable to all remote internships offered by World Unite!. The scholarship amount is granted in the form of a discount to the regular sales price for remote internships as published by World Unite!.

The scholarship amount cannot be cumulated with any other promotions or discounts World Unite! might give on the regular published sales prices.

A cash payout of the scholarship amount is not possible.

Should the regular published sales price that World Unite! is charging for a remote internship be lower than the amount advertised for the scholarship, the maximum amount granted for the scholarship equals the amount of the regular published price (=the remote internship would be provided at no charge to the scholarship holder). A further credit or cash payout of the amount that the advertised amount for the scholarship exceeds the regular sales rate for the remote internship is not possible.

The amount of the scholarship is quoted in JPY (Japanese Yen). Should a remote internship from World Unite! be offered in another currency, the credit is made in the currency in which the remote internship is offered, whereby the yen to foreign currency bank conversion rate of the day on which the application period for the scholarship ends applies.

The jury's decision as to whether a scholarship will be granted or rejected is final and cannot be appealed. The judges' decision is final.

II) Declaration of Commitment

Scholarship holders undertake that they:

* either provide to World Unite! within one month of completing the remote internship in digital form a qualitatively publishable report of 1-2 pages in English or Japanese language in length (A4 pages) about the remote internship, including at least 3 qualitatively publishable images (e.g. screenshots of online communication, image showing the scholarship holder during the remote internship) with a width of at least 1024 pixels that World Unite! can publish.

The scholarship holder can also be published this report on his/her own blog or website. The report can also be in the form of a spoken video. If the scholarship holder publishes the media on channels that are not belonging to World Unite!,

World Unite! has to be mentioned by name and at least one hyperlink to <https://www.worldunite.jp> (for reports/videos published in Japanese) or <https://www.world-unite.de/en> (for reports/videos published in English) has to be included. Furthermore, the scholarship holder should also provide to World Unite! all media materials in digital form for publication by World Unite!.

* or that they are available for a period of 1 year after completion of the remote internship to join an online or on-site event (e.g. webinar or information event), speaking for 30 minutes to the public about their experiences with the remote internship.

All scholarship holders agree that World Unite! and its partners can publish their reports, documentations, videos, pictures and recordings of event attendance for an unlimited period of time and geographical spread, including mentioning their names (surnames can be anonymized on request) in connection with the remote internship. By sending in the text and image material or participating in the event, the author declares that World Unite! can process, edit and use the materials in print publications and online channels.

If a scholarship holder does not comply with these conditions of participation and obligations in return for the scholarship, World Unite! is entitled to reclaim the funding.

I agree to these conditions:
